Washington, D.C. 20505

Dear Sir:

We are in the process of enlarging and reorganizing our map collection here at the University of Texas at El Paso. In order to have a more complete coverage we would like to be designated as a depository for CIA maps, which as you know, are extremely valuable for research purposes.

Although our library was designated a Government Documents Depository in 1968 only recently have we received CIA maps as part of depository shipments. If possible we would like to complete our backfiles of CIA maps by becoming a depository. We would also like to have a checklist of all maps issued to date by your agency.

I hope that no problems will be encountered in obtaining depository designation. I will look forward to receiving a checklist of CIA maps and your response concerning the depository designation in the very near future.

Thank you very much.

Sincerely,

Charles R. McClure
